EDUCATION

- 2017 - 2019 ● **Strate École de Design (Paris, France)**
Masters in Design for Smart Cities (M2)
Strate offers a complete education on design practices, notably UX / UI, product design, service design, and urban / interaction design. My personal recherche focussed on digital infrastructures and political applications of design systems.
Projects / Clients :
Orange - Concept developement of new uses for virtual assistants, and exploitation of data for developping eco-responsible mobility.
Valeo - Conceptualize and propose new use cases and services for Valeo PTS.
Paris Region IDF - Develop new concepts for the parisian news-stand, in the parisian suburbs.
Zixi County, Jiangxi, Chine - Research and propose solutions to local depopulation in rural villages
Monaco - Smart City Initiative - In partnership with the École 42, EDHEC, le Val d'Europe, and Sorbonne Paris III, we imagined the future of tourism through entrepreneurial projects for the Principauté de Monaco.
- 2011 - 2015 ● **Florida State University (Tallahassee, FL - USA)**
Bachelor of Fine Arts (Bac+4).
Minor in Art History.

PROFESSIONAL EXPERIENCE

- 2019 ● **Bluenove (Paris, France)**
Lead Designer (Service Design, UX, UI)
Part of the core product team, I work simultaneously with the consultants on their collective intelligence methodologies, and on the improvement and iteration of our principal technology, "Assembl," an online collective intelligence platform
- 2019 ● **40/60 Service Design Studio (Paris, France)**
Service Designer / UX
As an internship following my masters program, I was responsible for the creation and presentation of open innovation and design thinking workshops, as well as developing an activity dedicated to design in the public sector.
- 2018-2019 ● **Freelance (Paris, France)**
Michelin - Service Design Consultant
I facilitated the conception of an innovation ecosystem, realized through the creation of three labs, to re-establish michelin as an expert in mobility innovation.
Nexity - Graphic designer / UX Design
I worked with Nexity's incubator as a graphic and UX designer on product concepts and user journeys.
- 2017 ● **MOORE Design (Paris, France)**
Office Manager
I had the opportunity of creating the Office Manager position, and helped put in place and manage our showroom's coworking offer.
- 2016 ● **OFF Paris Seine, Hôtel**** (Paris, France)**
Restaurant / Bar Manager
I was charged with the launch of the hotel's new restaurant and bar, following its opening (team management, creation of new offers).
- 2015 ● **PackNBoard (Paris, France)**
202eCommerce (Paris, France)
Project Manager - Internship
- 2013-2015 ● **FloWhip (Tallahassee, FL - USA)**
Co-Founder / Product Manager

ABOUT ME

Passionate about the user centric approach in services, experiences, and politics, I think design is a key element of innovation, progress, and holistic well being. Now more than ever, Designers need to be pushing all possible boundaries to co-create a citizen and user centric future.
